  - {
        "name": "string",
        "price": 0,
        "description": "string"
    }
]
```

Add Product

REQUEST BODY SCHEMA: application/json

name required	string (Name)
price required	number (Price)
description required	string (Description)

Responses

> **201** Successful Response

> **422** Validation Error

POST   /products

Request samples

Payload

Content type
application/json

Copy

```
{
    "name": "string",
    "price": 0,
    "description": "string"
}
```

Response samples

| 201 | 422 |

Content type
application/json

Copy

{
    "name": "string",
    "price": 0,
    "description": "string"
}

Get Product

PATH PARAMETERS

product_id
required

integer (Product Id)

Responses

> **200** Successful Response

> **422** Validation Error

GET   /products/{product_id}

Response samples

200   422

Content type

application/json

Copy

```
{
    "name": "string",
    "price": 0,
    "description": "string"
}
```

Update Product

PATH PARAMETERS

product_id required	integer (Product Id)

REQUEST BODY SCHEMA: application/json

name required	string (Name)
price required	number (Price)
description required	string (Description)

Responses

> **200** Successful Response

> **422** Validation Error

PUT   /products/{product_id}

Request samples

Payload

Content type

application/json

Copy

```
{
    "name": "string",
    "price": 0,
    "description": "string"
}
```

Response samples

200   422

Content type

application/json

Copy

```
{
    "name": "string",
    "price": 0,
    "description": "string"
}
```

Delete Product

PATH PARAMETERS

product_id required	integer (Product Id)

Responses

— **204** Successful Response

> **422** Validation Error

DELETE /products/{product_id}

Response samples

422

Content type
application/json

Copy   Expand all   Collapse all

```
{
  - "detail": [
      + { … }
    ]
}
```
